## Mrs. Shumny's Corner

April 26, 2018

Dear ACS Families,

It is such a busy and exciting time at ACS! It is truly hard to believe we are in the last marking period of the school year.

**Please make sure you regularly check the ACS calendar online.**

We send home a paper copy at the beginning of the month, in addition, I will start posting it on REMIND. Encourage your middle school student to check it as well.

I want you to please save May 15<sup>th</sup> as our first ACS Spring Concert date – every class has a special performance and is very excited to showcase their talents! A few *important* reminders....

- Please give me a call with any report card concerns. PowerSchool is up and running – check it weekly.
- Surveys – we will be sending out a couple of online surveys to gather information for our AdvancED re-accreditation and to plan for the next school year. Please help us get vital feedback to make ACS even better!
- New ESEA Income surveys will also go home next week – this paperwork allows ACS to qualify for additional federal aid – please take a few minutes to fill them out.
- Take a few minutes to read Our Road to Graduation features and see what our 8<sup>th</sup> graders have to say about ACS.
- Don't forget to re-register – MONDAY, APRIL 30<sup>th</sup> is last day before acquiring a late fee. If you need another copy of the registration form, please print it off our website or call the office.
- Lastly, we are working on revamping our website so please stay tuned – it is pretty AWESOME! We hope the new format will allow us to post more information and

Thank you for all your support! Please if you have any questions or concerns, give me a call.

God Bless,  
Mrs. Shumny

## HIGH PRIORITY

4/30 Math Survivors and Chimes 4 pm  
5/1 Food Club Grade 8

### **FSA CORNER!**

Communion & Graduation work assignment went home via email and paper.

## **Road to Graduation: Ayden Villamar**

Ayden has been a student at ACS since fifth grade. Ayden has a reserved personality and yet has an infectious laugh! As he embarks on his new academic chapter we know his excellent participation skills and work ethic will serve him well. He participates in Food Club, Yearbook and Student Council and serves as an Altar boy. He works hard to balance his academics and extracurricular activities and is planning on attending Bishop Ahr or the High School. Ayden says the following about ACS:

### **What is your favorite subject at school and why?**

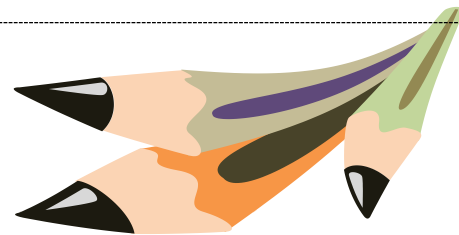

My favorite subject in school is science. Science is a wonderful subject full of amazing things. I like science because I like doing the experiments. I like finding out what comes out of the different experiments that we do. Science helps you understand how the world works.

### **What was your favorite class trip you've taken at ACS?**

My favorite class trip that I took at ACS was when we went to the New Jersey Battleship. I was so excited to be on a battleship. To walk around the ship, was a wonderful experience. I was able to see what life aboard the ship was like.

### **What book are you reading right now?**

Right now, I am reading "The Book Thief." It is an interesting book because it discusses what it was like to live in the World War II era.

## **Road to Graduation: Laura Grausam**

Laura has been a student at ACS since Kindergarten! She is a remarkable young lady who works diligently in all her classes. So much so, that she skipped third grade! She is quiet yet can definitely articulate when she has something to say! Laura is tech savvy, very intelligent and an avid reader. She participates in Show Choir, Sodality, and in the Perth Amboy City Clean-up initiative. She is planning on attending Bishop George Ahr High School where she received one of their most generous scholarships. Laura says the following about ACS:

### **What is your favorite subject at school and why?**

My favorite subject at school is mathematics, because it will enable me in the future to pursue my long term dream of becoming a pharmacist.

### **Looking back, what would you tell your Kindergarten self?**

I would tell my Kindergarten self that she was in for a wild ride at ACS, but she would never forget the lovely teachers and students she would meet there. In addition, I would tell her that she'd go through some awfully hard times, and to never give up!

### **What will you miss most about ACS?**

I will miss the feel of family at ACS. Everyone treats everyone like family, and since we are a smaller school, everyone is able to get to know each other like family. I love everyone in ACS from the bottom of my heart, and I will miss them the most.

### **What advice can you share with the 7th graders as they prepare for their last year at ACS?**

I would tell the seventh graders that they have to be prepared to work hard in order to receive the rewards at the end of the year. I would advise them to do their patrol, or else they won't receive anything. Don't complain about moving the tables, you get to miss a few minutes before class. You will also be walking around the school a lot, delivering papers and such, so be prepared at any moment to be asked to deliver a message. Also, don't forget to have fun! Eighth grade is as fun as you make it, or as miserable as you make it, so enjoy it, and make it the best year it can be.
