May 23, 2018

Dear ACS Families,

The weeks are just flying by! It seems the rain is gone and summer is here to stay. I have started our end of year DRA testing and will send home correspondence soon. In addition, your child's IOWA Test results are being sent home today. We are pleased with our student's growth and will be planning during the summer to continue to enhance our curriculum.

As of July 1st Sister Yosaphata and Sister Thomas will be leaving their ministry at ACS. After 55 years of service and dedication we are sad they are leaving us, yet happy they are joining the rest of their order to focus on new vocations and be able to reside together. On **June 17** we will have a special reception, in the church basement right after the 11:30am Liturgy - please join us in wishing our Sisters the very best!

Here are some more reminders:

- Our summer hours will be posted next week.
- 2017-2018 Yearbook – we are down to our last batch! Thank you to Mrs. Vattelana and the Yearbook Committee for all their hard work.
- Thank you to Ms. Cuff, Mrs. Fedynyshyn, Miss Hucul for their efforts in making our Moleban service so special. Our Sodality girls received their medals and it was a beautiful service.
- Congratulations to Laura G, grade 8, for winning 2nd place in the Middlesex County Environmental Essay Contest. Go Laura!
- Mrs. Lawrence's surgery went well and she is on the mend!

As you can tell things are not slowing down at ACS! Please call the office if you have any questions or concerns.

God Bless, Mrs. Shumny

**Road to Graduation:
Julie Guevara**

This is Julie's first year at ACS and she has fit right in from the start. Julie is very outgoing and bubbly and is a hard working student. She does very well academically and participates in Safety Patrol, Senior Drama and plays Volleyball. It has been wonderful to see how well Julie has flourished this year and has become part of our ACS family. Julie will be attending Bishop Ahr High School and we are so proud of her. Julie says the following about ACS:

What are you most proud of?

I am most proud of myself and how much I have achieved so far in life. A lot of things have been coming at me left and right and I am surprised at how I'm handling everything. I know I have God with me by my side to help me out at all times.

What advice can you share with the 7th graders as they prepare for their last year at ACS?

-Take your time. Enjoy the time you have now because before you know it, you will be graduating and missing your friends in high school (but don't worry you'll meet new people).

-Live your life to the fullest. They always say "You Only Live Once," so go ahead and have fun adventures in life, but with precaution.

-Always work hard. Be dedicated to your goals. If you want to accomplish something, the sooner you think about it, the better. You have so many years ahead of you, so use all the chances that is helpful for anything.

What subject do you think you might want to pursue in the future?

I would love to learn more about science and how everything really works in chemistry. It seems really interesting and I have been curious about science and chemistry since I was in 4th grade. I would also love to learn about being a tourist and flying all over the world.

**Road to Graduation:
Desiree Mercado**

Desiree has been a student at ACS since fifth grade. She participates in Safety Patrol, Senior Drama, Chimes, Yearbook and Bowling. She is busy! Desi is quiet yet kind, soft spoken yet funny – she is a blessing to our school. Desi is going to East Brunswick Vocational High School in East Brunswick and we at ACS truly wish her the very best! This is what Desi says the following about ACS:

What subject do you think you might pursue in the future?

I would like to be an archeologist when I'm older. So the subject i might pursue is Social Studies. I've always been interested in history ever since third grade. I knew when i was in 6th grade that i wanted to work with history.

What is your favorite class trip you have taken with ACS?

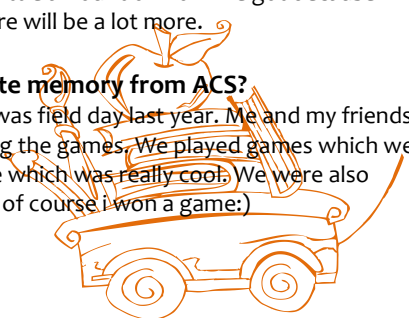

My favorite class trip was when the middle school went to The Statue of Liberty and Elis Island. My friends and I walked around, took pictures, and had a lot of fun. We went into the museum and saw many facts and objects on display.

What you miss about ACS?

I am going to miss having a small school. Everyone knows everybody. I am going to miss my teachers and my classmates. I am going to miss the little amount of work we got because i know high school there will be a lot more.

What is your favorite memory from ACS?

My favorite memory was field day last year. Me and my friends had a lot of fun playing the games. We played games which we haven't played before which was really cool. We were also playing board games, of course i won a game!
