## Mrs. Shumny's Corner

June 6, 2018

Dear ACS Families,

Welcome June! We are down to the last couple of weeks of school – we're almost done! This is my last official Newsletter for the 2017-2018 School Year.

First, the fire drill we had this week was our regularly scheduled fire drill. Tuesday's Lock Down and Shelter in Place were due to a student threat received at Shull School. I know many different versions of what happened at Shull School are circulating on social media and only the Police Department has all the facts. We, at ACS, take every notice from the Perth Amboy Police Department with the upmost seriousness and act according to our Emergency Plan – we did exactly what we have outlined in this type of situation. Our student's safety is our number one priority. I know some panic set in when parents called the school office and no one answered– please know that we don't pick up until the lockdown is over. I sent the school wide REMIND to keep everyone informed and I hope this helped. I am happy that no one was hurt in our neighboring school and that the Police Department acted quickly and God watched over all. These are turbulent times and we have to be ready and vigilant. I thank my teachers for being calm and following our protocol. Any questions please give me a call.

Second, a very special thank you goes to Mrs. Pickering and the 8<sup>th</sup> graders for organizing Field Day. All our students had a good time and our 8<sup>th</sup> graders did an amazing job coordinating the activities. Third, 2018-2019 calendar is attached

Lastly, I invite all our friends and family tomorrow, June 8<sup>th</sup> to celebrate the Liturgy with us at 8:45am and then come back to the school for a presentation to our Sister Thomas and Sister Yosaphata. We have a surprise ☺

Please call the office if you have any questions or concerns.

God Bless,  
Mrs. Shumny

### HIGH PRIORITY

1. WE ARE BACK TO WAITING ON THE PLAYGROUND UNTIL 8:15AM. THE BELL RINGS AND WE WALK INSIDE FOR PRAYERS AT 8:20 SHARP.
2. FACTS TUITION SYSTEM: EMAILS AND/OR PAPER BILLING WILL REACH ALL FAMILIES BY NEXT WEEK.

### Congratulations!

call Mrs. Shumny 732-343-0750.**

**CLUBS: All clubs are done for this school year!**

**FSA CORNER!**

Graduation is this Saturday – Don't forget your work time!

**Road to Graduation:  
*Aldan Ortiz***

Aldan has been at ACS since fifth grade. Aldan is a very respectful and reserved young man who genuinely has a heart of gold. He does very well academically, and is considered a great friend by all. He participates in Safety Patrol and will be attending East Brunswick Vo-Tech High School in East Brunswick. They are lucky to have him.

Aldan says the following about ACS:

What was your favorite class trip?

My favorite class trip has to be the Liberty Science Center. There was so much to do there and it was amazing. I definitely had a lot of fun there, especially when my class did activities like crawling through a dark tunnel. I really wish I could just stay there forever.

What will you miss most about ACS?

I'll probably miss all the memories I had in this school. Mostly because these memories are very important to me. These were times I met my friends, did lots of fun projects, have lots of fun times, and many more.

What advice would you give to 7th graders?

The advice I'd give to seventh graders is to be ready for anything. I say this because when they get in the class, they are going to be doing a lot in a fast amount of time. Another thing, is to hand in everything on time. If they don't, there's definitely going to be consequences. I think if they follow this advice, eighth grade shouldn't be that hard.

More ACS pictures and articles on our facebook page!

**Road to Graduation:  
*Anapaula Merino***

Anapaula has been a student at ACS since sixth grade. She participates in Safety Patrol, Senior Drama and Student Council. Anapaula is very social with her classmates and has a funny sense of humor. The teachers and staff of ACS truly wish Anapaula the very best as she enters high school!

What is your favorite memory from your time at ACS?  
My favorite memory from my time at ACS would have to be, having met my close friends, but most importantly this year. This whole year because of all the memories that I will cherish, from class trips, to the basketball game between our class, and the teachers. This was an overall good year, including what I have learned from getting into trouble.

What advice can you share with the 7th graders as they prepare for their last year at ACS?  
I would tell them to keep up with their work! Enjoy their last year because it's going to go by fast. And to do what they are told. I would also say to enjoy your last time here because it will faster than you think. Take advantage of all that you've learned but also the lessons your teachers have taught you. And be ready to do all the 8th grade work that comes with it. Try to avoid getting in trouble and always do what is best for you.

What will you miss most about ACS?  
What I will miss about ACS is probably learning math this year with Mrs. V. She "sort of" made math fun. But also activities like doing Pysanky eggs for Easter and probably my classmates. What I surely will miss is Mrs. Pickering's advice and help when I needed it. AND also seeing Sister in the office.
