The building is buzzing and preparing for Catholic Schools Week – do not miss the fun! See the attached list of events and activities. What you need to know:

ACS's Heritage Projects - Friday, February 1st

Faith, Family, Fun Day – we working on coordinating a special event celebrating our ACS diversity and cultures – stay tuned

1. Every student will be working on a Heritage Project that will be presented in class and displayed on Friday, February 1st – during our Faith, Family, Fun Day!
2. Each teacher will be working with their students to put together their project.
3. We need your help filling out your child's family tree and your family heritage information.
4. Your child may come to school dressed in clothing from their culture.
5. Save the date and come participate with us!

This is a school wide project and a true celebration of all the unique and beautiful cultures at ACS. God has made us all different and with so many gifts. We at ACS, want to celebrate US!

Please if you have any questions or concerns give us a call 732-826-8721. Thank you for your participation and enthusiasm!

God Bless,

Middle School News!

The middle school students are using technology and investigative skills to research and create patterns for the multiplication tables and key rules while working with positive and negative integers, and working with fractions. They took these patterns and rules and designed a unique and fun musical piece; a true artistic view to help remember them. It's a wonderful sound to hear them use this technique during class when trying to figure out problems.
