April 30, 2021

Dear ACS Parents:

Christ is Risen! As April comes to a close, I must pause and truly thank God for all of our blessings:

*First, everyone at ACS is safe and healthy. We only have 14 virtual students left in the whole school and we are so grateful to have opened and remain open.

*Second, we have 9 brand new Promethean boards installed in classrooms. I am not sure who is more excited - the teachers or the students!

*Third, to add even more excitement to our teacher's lives we have replaced our copiers with some really high tech machinery. These major changes have been possible due to Federal funding and Father Ivan's commitment to giving our students the very best ACS can offer.

Things you need to know:

Speaking of exciting things Our whole student body is working on a Diversity Project: the Assignment was sent home, posted on REMIND and discussed with every class. We are so excited to be able to celebrate all our unique gifts and our culture. We can't wait to share our videos. Thank you to Miss Drayton and Mrs. Garcia for taking the lead on this project.

As you plan for the remainder of the year, please make some time to send in your re-registration forms. Our Pre-K and K classes are quickly filling up and we like to give our current students priority. So please send in your paperwork - you still have until June to pay the fee. Have a wonderful week and please reach out if you have any questions or concerns.

Blessings,

Mrs. Shumny
