# Awesome Creative Summer Pumpkin Book Project

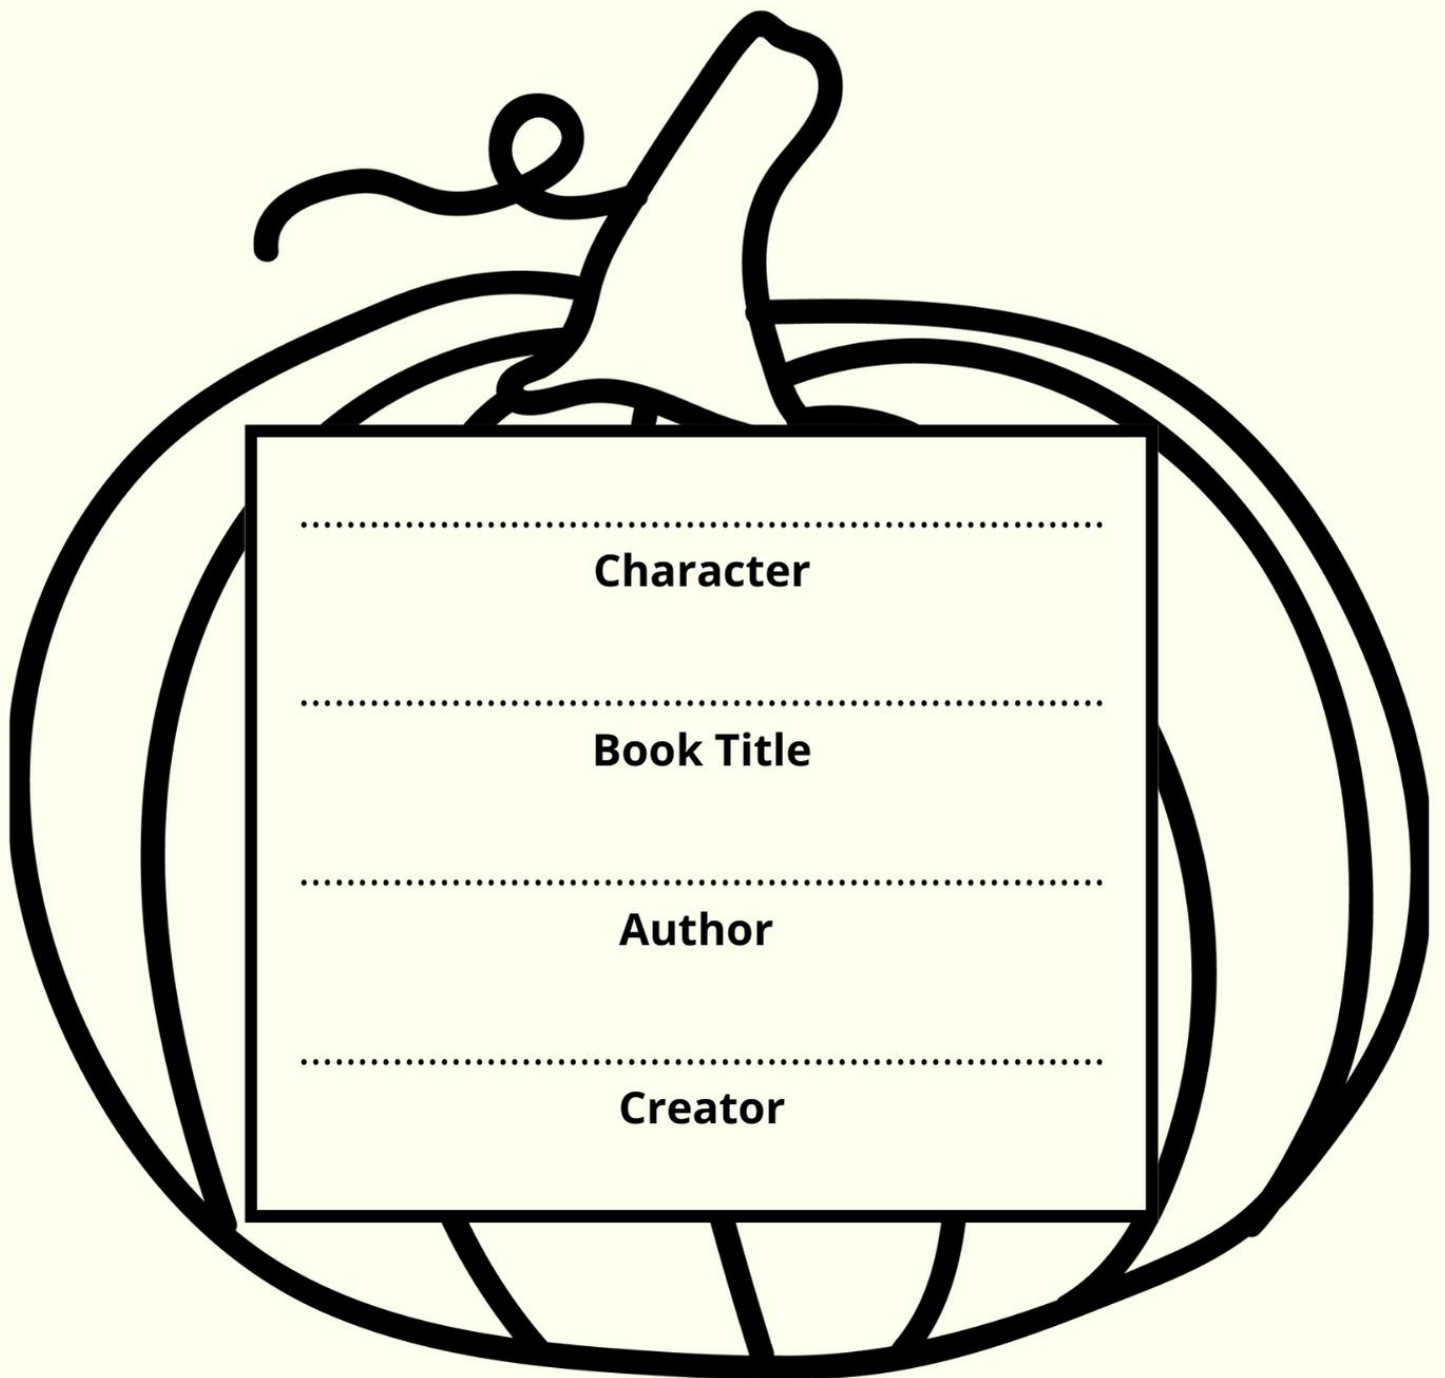

Attached is a paper pumpkin for you to use as a guide for creating your real pumpkin (which will be completed in school). Select your favorite character and design your paper pumpkin to look exactly like them.

When you come back to school we will have plenty of supplies for you to use when creating your real pumpkin, but if you have something special (a hat or special costume) please bring it from home.

Please bring a copy of your book to display with your completed project on October 20th at the FSA Meeting.
