

Back to School at Assumption Catholic School

How did our students spend their first days back at ACS? Read on to find out!

Mrs. Florez welcomed her PK students and they made hats and had a great day. Sister Veronika assisted our littlest ones throughout the day.

Mrs. Bielak welcomed her Kindergarten class and they even did some dancing to celebrate their first day. Miss Kelly was impressed with all the already knew!

Miss Suarez had a big welcome for her first graders and went over procedures and routines. They are ready to learn.

Mrs. Kukuruza greeted her second graders with a big smile and a beautiful classroom. And they cannot wait to get to her library!

It was Miss Roque's first day at ACS and you wouldn't know it! Her third graders were all smiles as they attended their first day.

And Miss Drayton was reunited with her now 4th graders (she taught them in second grade) and already wrote a journal entry and started a project!

Miss Shumny welcomed her 5th graders and had time to meet with her 8th grade class for language arts.

Mrs. Lombardi welcomed her 6th graders and also met with grade 5 to discuss the math expectations.

Mrs. Laffey returned this year with her same class as the 7th grade teacher and also met with grades 6th and 8th to review the Social Studies curriculum and student responsibilities.

And Mrs. Pickering welcomed 26 eighth graders and all they wanted to know was WHEN IS RING DAY?! The Class of 2023 will be one of our biggest graduating classes we have seen in the last 17 years!

Last but not least we welcomed Mrs. Szeliga as our 7th grade pre-algebra and 8th grade algebra teacher. She has many years of experience and will add to the rigor of our curriculum!

Back to School at Assumption Catholic School

Our ACS teachers working the kitchen at our first Bingo night in over two years!

Back to School Night

What a wonderful Back to School Night! Tonight we welcomed our parents and had the opportunity to share our goals and expectations! Mrs. Shumny shared all the building upgrades and renovations as well as our focus for the academic school year. We were pleased that each family was able to visit their child's classroom and ask all their questions.

We are truly looking forward to a fantastic school year!!

Back to School Backpack Blessing

ACS completed its first full week of school with a beautiful whole school Divine Liturgy and a special Backpack Blessing by Fr. Ivan. The children placed their backpacks on the steps of the altar which were filled with student's first set of sharp crayons, erasers, notebooks, thick books – yet, all were filled with our student's excitement and love for learning. Father reminded students that “God has got their back” and will continue to watch over them at ACS and guide their good choices. Today, we celebrated God's gift of learning, and we prayed for His blessing on students, teachers and our school supplies for the coming year.

Building Improvements

A lot of hard work went into improving and cleaning things around the building this summer. We got new water fountains installed, a few new coats of paint and some nicely cleaned floors and rugs, plus a whole new multi-purpose room in the basement!

Thank you to everyone who put in all the hardwork this summer to give our students a beautiful building to learn in.
