## Mrs. Shumny's Corner

May 17, 2018

Dear ACS Families,

I hope all our ACS Mothers had a wonderful Mother's Day! May God continue to watch over you and keep you safe. Tuesday was our Spring Concert and WHAT A PRODUCTION! Our ACS performers put on a phenomenal show and truly encompassed the theme: We Are ACS coming together for peace, friendship, and unity. A reminder that tonight is the first ACS Junior Honor Society induction ceremony at 7:00pm at church. Here are some reminders:

- Mother's Day Tea celebration was beautiful! Thank you to our Pre-K through fourth grade moms for coming for tea and spending time with us. Thank you to the teachers and the FSA who helped us serve, setup and cleanup.
- Congratulations to the Principal for the Day winners: **PK-2: Gia N. 3-: Victoria M. 6-8 Dyla C.**
- FSA Request: Please return Graduation Work ASAP!
- Thank you to Mrs. Palhais for her treats donation to the Spring Concert – your support is appreciated.
- Thank you to our Track Coaches for coordinating and supporting our students at the Bishop Ahr Track Meet this past Saturday.

The school year is quickly coming to an end; please call if you have any questions or concerns.

God Bless,  
Mrs. Shumny

**Next meet: 5/26 Individual Championships at Bishop Ahr High School.**

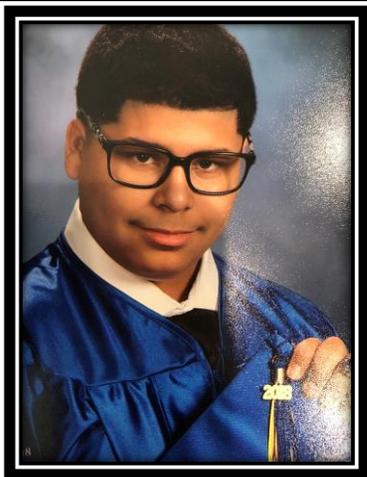

**CLUBS: Up Coming Weeks: See on-line calendar**

**FSA CORNER!**

Graduation work signup sheet went home – please send back!

**Road to Graduation:  
Gabriel Garcia**

Gabriel has been a student at ACS since fifth grade. Gabe is the ACS welcoming committee! He is extremely outgoing and talks to everyone in his class – well, in anyone’s class. His kind and funny personality shine through every day. He works hard at his academic subjects, and participates in Safety Patrol, Food Club, Senior Stackers, Yearbook, is an Altar server and is Vice President of Student Council. He will tell you his true passion is gaming but at ACS we believe he has a future in sales and marketing. He is planning on attending the Academy of Urban Leadership Charter High School, AULCHS, in Perth Amboy. Gabe says the following about ACS:

**What advice can you share with the 7th graders as they prepare for their last year at ACS?**

8th grade is not easy in the beginning. There are new challenges and responsibilities that you have to take care of. Be ready for all of the work and different responsibilities that comes with being an 8th grader here at ACS. Academically, things become very complex and challenging. Just be ready for anything next year.

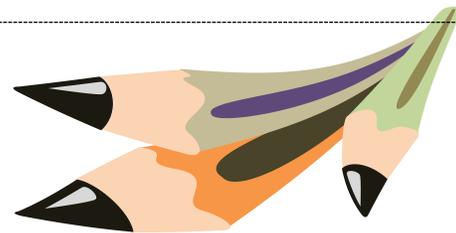

**Looking back, what would you tell your Kindergarten self?**

Try as hard as you can in school. Don’t give up on work and keep studying. If I could’ve told myself that I would’ve been much better in school. Make sure that you have all your homework done before you go and play video games and also be more responsible. If I told myself that I would have so many better grades in school.

**What was your favorite class trip you've taken at ACS?**

My favorite trip that we’ve taken in ACS will probably be when we went to the Liberty Science Center because we learned so much during that trip. We also learned so much more from science and other things that interested me very much.

More ACS pictures and articles on our facebook page!

**Road to Graduation:  
Cinthia Gomez**

Cinthia has been a student at ACS since Pre-Kindergarten - that is 10 years at ACS! She participates in Safety Patrol, Senior Drama, Show Choir, and Sodality. Cinthia is always meticulous and loves to plan ahead. She is a competitive soccer player and has wanted to be a lawyer since her first years at ACS. Cinthia is an ultra hard working student and plans on attending Monroe High School in September. Despite moving over

Cinthia says the following about ACS:

**What advice can you share with the 7th graders as they prepare for their last year at ACS?**

As the 7th graders prepare for their last year at ACS, I would like to encourage them to try their best in every assignment or task they are given. Your teachers give you all the materials you need to be successful because they care about your future. Use the materials you are given daily to advance academically. You’d be surprised in what happens when you work hard and show dedication. The most important piece of advice that I would like to give to the 7th graders as they prepare their journey would be to never concede. Giving up is not an option.

**Looking back, what would you tell your Kindergarten self?**

Looking back, I would tell my kindergarten self to enjoy every minute and expect the unexpected. I was unaware of all the adventures I will soon partake in so I would also tell myself to hold on tight.

**What will you miss most about ACS?**

ACS is not only a school, but a family. I will most definitely miss the comfortable environment that I am given each year by my teachers. Because of them, I am more confident in public speaking then I was when I first attended the school. The support and patience that each teacher has given me is astonishing and I will never forget them.
